

Cherni Mohamed Amine

DATA SCIENCE & AI ENGINEER

EDUCATION

2026: National Engineering Degree in Computer Science - Artificial Intelligence and Data Science, Université Centrale Tunisia

2023: National Bachelor's Degree - Big Data and Data Analysis, Université Centrale Tunisia

EXPERIENCE

02/2026 - 06/2026

Data Science & AI Intern (Final-Year Project)

TUNISIE TELECOM

- Designed and developed an AIOps platform for intelligent monitoring of logs from 5 critical telecom platforms.
- Anomaly detection, Root Cause Analysis (RCA), and semantic incident search using FAISS and Sentence Transformers.
- Implemented a feedback loop and drift monitoring for continuous model improvement.
- Developed an AI Copilot, a KPI dashboard for managers, and a future incident prediction module.

07/2025 - 09/2025

AI & Cloud Developer Intern

INSOMEA

- Developed a web platform for creating and deploying intelligent chatbots (text, voice, image).
- Designed the Python/FastAPI backend with a RAG engine, integrating Azure OpenAI, Cognitive Search, Vision, and Speech services.
- Set up a secure Azure cloud infrastructure and applied Agile/Scrum methodology.

09/2024 - 12/2024

Web Developer Intern

INFO-Z

- Migrated the domiciliation module from Oracle Forms to a Spring Boot & Angular architecture.
- Analyzed business requirements and adapted the foreign trade solution for banks and the Central Bank.
- Developed and integrated modern, responsive web interfaces.

01/2024 - 03/2024

Web Developer Intern

SMI

- Development of a web application for event management using Java and Spring Boot.
- System integration and technical troubleshooting.
- Strengthened web development and teamwork skills.

02/2023 - 06/2024

Data Analyst Intern (Final-Year Project)

ATB BANK

- Developed a Power BI dashboard for KPI tracking and decision support.
- Analyzed financial data, optimized collections, and improved cash flow.
- Implemented predictive models and optimization algorithms for liquidity management.

PROFILE

Computer Engineer specialized in Data Science and Artificial Intelligence, holder of a Bachelor's degree in Big Data. Passionate about data analysis and developing intelligent solutions.

SKILLS

TECHNICAL SKILLS

- **Programming Languages:**
- *Python, Java, C, C++, JavaScript*
- **Web Development:**
- *HTML5, CSS3, Angular, Spring Boot, FastAPI, PHP (basics)*
- **Databases:**
- *SQL, MySQL, PL/SQL, MongoDB (NoSQL)*
- **Cloud & DevOps:**
- *Microsoft Azure, Docker, Git, GitHub*
- **Data Science & Artificial Intelligence:**
- *Machine Learning, RAG (Retrieval-Augmented Generation), NLP, FAISS, Predictive Analytics, Root Cause Analysis (RCA), AIOps, Power BI, Data Analysis and Visualization*
- **Architecture & Methodologies:**
- *Agile/Scrum, MVC, Microservices, GIMI*

CERTIFICATIONS

- Building RAG Agents with LLMs – NVIDIA
- CCNA: Introduction to Networks – Cisco
- Honoris 21st Century Skills: Coding and Data Analytics – Honoris United Universities
- Honoris 21st Century Skills: Personal Development – Honoris United Universities
- Certificate of Participation – GO Piscine Competition – Université Centrale
